HIGHER EDUCATION STUDENT COMPLAINTS POLICY

Introduction

1. This policy is made for the use of staff and students of the Trafford College Group, comprising of Trafford College, Stockport College, Cheadle College and Marple Sixth Form. For convenience, and unless otherwise indicated the group of colleges is referred to as 'we', 'our' or 'the College'. 'You' and 'your' refer to all students of the Trafford College Group.
2. The Trafford College Group strives to provide the highest quality of service on all matters pertaining to the provision of Higher Education (HE). However, the College recognises that there will be occasions where HE students wish to register dissatisfaction or concern. On such occasions, students will need to be guided to this policy to allow their complaint to be heard.

Scope

3. This policy is to be used to address complaints associated with:
 - College Policies, Procedures or Regulations,
 - Academic and non-academic services (excluding *academic judgement*),
 - Academic and non-academic facilities such as catering or IT,
 - The conduct or actions of a member, or members, of staff,
 - Misinformation regarding academic programmes, College support services and facilities.

This policy is not to be used to address:

- Academic appeals/judgement,
- Appeals against disciplinary actions and/or decision,
- Any kind of bullying or harassment,
- Refusal of admission to applicants who have not met academic entry thresholds; or where there is evidence that they cannot (or are likely to be unable to) meet the academic, professional (such as DBS checks) or vocational requirements.

For complaints against admissions decisions, please refer to the Higher Education Admissions Policy and Procedure. The complaints procedure pertaining to admissions is informed by this policy but those complaints do not fall within the purview of this policy.

Policy Statements

4. In line with the Quality Assurance Agency (QAA) UK Quality Code for Higher Education, a complaint is defined as:

“The expression of a specific concern about matters that affect the quality of a learner’s learning opportunities”
5. The College is guided by the following principles:
 - i. Complaint handling will be fair,
 - ii. The policy and procedure should encourage informal resolution at the local level to facilitate early resolution where possible,
 - iii. Complaints will be dealt with appropriate seriousness and confidentiality
 - iv. All complaints will be thoroughly and objectively investigated,
 - v. Complainants will be treated equally and will not be treated adversely as a result of their complaint,
 - vi. Every attempt will be made to resolve issues on an informal basis in the first instance, without recourse to a formal procedure.
6. If at any stage the complaint is made the subject of a formal discussion or hearing, students are entitled to be accompanied by a member of staff, fellow student, parent or guardian. If a student intends to bring legal representation to the College, they are asked to notify the College in good time – usually three working days.
7. Complaints should take the form of a letter, email or fax and where appropriate be supported by evidence. In exceptional circumstances, the College is prepared to accept a complaint over the telephone whereby an administrator will receive dictation from the Complainant.

Eligibility

8. This policy applies to all students enrolled to a higher education course at The Trafford College Group.

Collective complaints

9. Where issues raised in a complaint affect a number of students, those students can submit a ‘group complaint’. Where this happens, and in order to manage the administration and progression of the complaint, we will normally ask the group to nominate one student to act as a group representative.

Timescales and service levels

10. Complaints should be made without undue delay. The normal time limit for submitting a complaint is within 28 working days after having become aware of the matter that the learner is dissatisfied with.
11. Students that have recently left a programme of study may only raise issues of complaint within 28 working days after the conferral of the award or withdrawal from the programme. Students wishing to lodge appeals against assessment board decisions should refer to the appropriate Academic Appeals Policy.

12. Extension of these time limits will normally only be possible in exceptional circumstances, such as illness or other circumstances beyond the student's control.
13. Complaints should not be vexatious in nature. Where, after proper investigation, there is reason to believe that a complaint is vexatious or motivated by malice, disciplinary action may be taken against the student under the College's disciplinary policy. A Completion of Procedures letter may be issued at this point.

Third party complaints

14. The College recognises that some students may be unable to make a complaint on their own. In these circumstances, complaints brought by permitted third parties, (for example a family member or legal representative) will only be accepted when the student affected has provided written confirmation and the Head of HE Registry, Standards and Compliance has approved the request. This request can be submitted at the same time as the complaint. Complaints from third parties will not usually be accepted.
15. Where the College believes students to be communicating through a third party without providing written consent, the College will seek clarification from the complainant that there is no unauthorised third party involvement. The complaint processes and timescales may be extended while clarification is sought.

The Procedure

Stage One: Informal Resolution

16. This should be the first method by which students and staff attempt to deal with any concerns.
17. The College encourages students to raise problems, questions and concerns promptly and responsibly. Timely notification of concerns directly with the member of staff involved will normally lead to a quick and satisfactory informal resolution of most issues.
18. If a student remains dissatisfied, they may lodge a formal complaint as described at Stage two of the process outlined below (paragraph 19).

Stage Two: Formal complaint to Head of Studies

19. Students should submit a formal complaint in writing to their Head of Studies. The complainant must be clear as to the nature of the complaint and, wherever possible, quote times, dates and details that allow the ensuing investigation to focus on the matter at hand.
20. The complaint will be acknowledged within 5 working days and via the method of communication it arrived, i.e. email, letter etc. The complainant should expect a full response within 10 working days.
21. The Head of Studies will investigate the issue either personally or instruct a member of the wider College Management Team to carry out the investigation.

22. It may be necessary to contact the complainant to gather further information or understanding of the context and complaint itself.

Subject Area	Head of Studies	Email
Health, Children and Care Professions	Lisa Radcliffe	Lisa.Radcliffe@tcg.ac.uk
Creative Arts	Jane Andrew	Jane.Andrew@tcg.ac.uk

Computing	Rob McBride	Rob.McBride@tcg.ac.uk
Teacher Training	Gemma Hawkley-Holt	Gemma.Hawkley-holt@tcg.ac.uk

Stage Three: Assistant Principal Adult Education and Higher Skills or Director of Quality

23. If the complainant is not satisfied with the response they receive from their Head of Studies, students have up to 10 College working days to write to the Assistant Principal Adult Education and Higher Skills or Director of Quality, identifying their reasons for their dissatisfaction.
24. The Assistant Principal Adult Education and Higher Skills will acknowledge the complaint within 5 working days. (S)He will investigate the issue, either personally or in conjunction with the appropriate manager(s) from the wider College Management Team.
25. Under normal circumstances a formal response will be with you within 10 working days.

Stage Four: Review by Deputy Principal

26. If the complainant remains dissatisfied, they will have 10 College working days to write to the Deputy Principal, identifying the reasons for their dissatisfaction, requesting a review of the complaint. The request for review, which should include all relevant documentation and further details where necessary, will be acknowledged within 5 College working days.
27. A full response will follow, usually within 15 College working days.
28. Attached to this review document will be a Completion of Procedures notice, detailing that all stages of the internal processes have been exhausted.

- **This ends the College Higher Education Complaint Procedure**

29. Where a complainant is not satisfied with the outcome of the Stage 4 process they may have the opportunity to appeal to the appropriate external body. Where procedures allow this with our validating universities, it is normally a requirement of the above that a complaint has completed stage 1, 2, 3 and 4 of the College's complaint process.

The Office of the Independent Adjudicator for Higher Education (OIA)

- 30.** The Trafford College Group is a member organisation of the Office of the Independent Adjudicator for Higher Education (OIA).
- 31.** If a student remains dissatisfied after completing all stages of the Colleges Complaints procedure, they are entitled to ask the OIA to review their complaint.
- 32.** The OIA will only consider complaints from students who remain dissatisfied at the conclusion of the College's internal complaints procedures and processes.
- 33.** All applications to the OIA must be made within twelve months of the date of the Completion of Procedures letter issued by the College.
- 34.** The OIA look at issues such as whether we, and the validating partner (where applicable), followed our procedures, whether those procedures were reasonable, and whether the final decision was reasonable in the circumstances. The OIA cannot normally look at complaints:
 - Where the student has not progressed through all stages of the complaints procedures;
 - Where the complaint refers to matters more than three years old;
 - Where matters have been or are being considered in court.
- 35.** The OIA's Scheme Rules and guidelines are available on its website: www.oiahe.org.uk

Additional Information

Confidentiality

- 36.** All complaints will be judged on their individual merit and will be dealt with in confidence. No complaint will affect the way a student is treated or assessed in their studies.
- 37.** Every effort will be made to maintain confidentiality, but proper and thorough investigation of a complaint may require the disclosure of confidential information. Should this be the case, the student making the complaint will be notified to check that they wish to proceed with their complaint.
- 38.** Should a complaint involve the conduct or actions of a member of staff, such parties will have the right to see any evidence or documents relating to the complaint as part of the investigation.

Disabled Students

- 39.** Where a student has declared a disability to the College, all endeavours will be made to ensure that information is available to them at all stages in appropriate formats and that reasonable adjustments are made to the proceedings and facilities to accommodate their needs.

Support and Representation

40. If a student is considering making a complaint, advice can be sought from a number of sources. These may include one or more drawn from, for example, their Course Leaders, Student Representatives, or the relevant Head of Studies.
41. Students may wish to engage with one or more of the above to discuss if their concern should be considered a complaint in either the informal or formal sense or if there are alternative ways of reducing their concern. They may also engage with one or more of the above to seek guidance and support on understanding the requirements of the complaints procedure.
42. A student making a complaint has the right to be accompanied at any formal meetings or hearings concerning their complaint, as at paragraph 5.

Policy Monitoring

43. Accountability for the Student Complaints Procedure is designated to the Assistant Principal Adult Education and Higher Skills or, in her/his absence, the Director of Quality.
44. The administration and monitoring of the Student Complaints Procedure will be carried out by the Head of HE Registry, Standards and Compliance.
45. All complaints will be recorded centrally and will be subject to a monitoring and reporting system.
46. Where a complaint is upheld, the College will take reasonable action within its power to ensure that similar situations do not occur in the future.
47. In order to facilitate monitoring of volume and type of complaints, any member of staff receiving notification of a complaint from a student studying a Higher Education programme must advise the Head of HE Registry, Standards and Compliance as soon as they receive initial notification. The complaint will then be dealt with as at section 4, detailed above.
48. An annual written report to be approved by the Assistant Principal Adult Education and Higher Skills will be submitted to the Higher Education Committee. This report will detail complaints investigated during the year, which shall include comment on whether outcomes have been appropriate, this information will be shared with our University Partners.
